UCOL 105
CAREER PLANNING

This 8-week (October 19-December 20) course is designed to introduce students to the process of strategic career decision-making and academic planning in order to assist them in making informed and appropriate career and academic decisions.

Students will be introduced to key career development theories and learn the differences and similarities between selecting a major and choosing a career. They will become familiar with the factors influencing career decision-making and the nuances of academic planning. The course is restricted to students in freshmen and sophomore class standing.
